

Catering

FOR ALL YOUR CLASSROOM NEEDS

ABOUT US

We are your recipe for success! The TCW Kitchen crafts and delivers scrumptious meal solutions right to your door. By taking the time, and work, out of providing nutritious and delicious meals, you can rest assured your staff will focus on the children and students will have happy, healthy and satisfied bellies.

Children need a well-balanced diet to keep their bodies and minds on the right track for success - with a full belly, they are ready to learn and grow! All of our meal options surpass the federal food guidelines for MA and RI. We purchase all ingredients fresh from companies that are well-established and reputable; and whenever possible, we purchase from local New England purveyors.
